

## Mini-Grant

### Final Report Criteria

- Project Summary
  - Description of activities (community events, training sessions etc.)
  - Impact on community
  - Information on partnerships formed
  - Data summary on all program participants (if applicable)
    - Compiled from pre and post surveys
- Goals as they relate to:
  - Engaging the UCR community in service-driven projects that serve the underserved.
  - Improving access to medical care and resources for at-risk populations
  - Provide direct funding to initiatives addressing social and political issues negatively affecting the health of community members.
  - Promoting cross-departmental collaboration and community-partnered research.
  - Increasing community engagement opportunities for the School of Medicine.
- How will this project be sustained after the grant period
  - What are the plans to keep the project operating
- Why the grant funds were imperative to the project's success
  - How funds were used
- Lessons learned
  - Challenges encountered
  - Improvements made
